

It's Spring! Farewell to chills and colds!
The blushing, girlish World unfolds.
Each flower, leaf and blade of sod
Small letters sent to her from God.

John Updike

Dear ladies,

Spring is here and with the good weather we feel ready to enjoy our club activities and some interesting exhibitions now on in Buenos Aires.

We have just had a visit to the Museo del Tango and Café Tortoni that was attended by a good number of members.

Our September speaker Emily Hersh gave us much information on lithium, a resource that is very valuable nowadays.

In October, the speaker will be Santiago Bilinkis, an entrepreneur and technologist who has given numerous speeches at universities such as MIT and Harvard Business School. Santiago was one of the organizers of the first TEDxBuenos Aires and is currently organizing TEDxRio de la Plata.

Please, take note that the October Luncheon will be scheduled in a different way. Members and guests are invited at 11,30 am and we will be sitting at our tables with champagne and finger food to enjoy during the lecture. Lunch will be served afterwards.

The Museo Nacional de Bellas Artes is presenting, for the first time in Argentina, an exhibition of Joseph Turner's watercolours, with works from the Tate Collection of London. It will be on until February 17th. Don't miss the chance to see the work of one of the most gifted draughtsmen of his generation and a superlative master of watercolour.

I hope to see many members taking part in the club activities.

With best regards

Monica Ines Plou
